A Message from our Executive Director:

Welcome! I would like to take this opportunity to congratulate you on your decision to work abroad. As many of you who have lived abroad know, not only will this experience help to expand your understanding of the world, but you will also gain considerable knowledge about your own individual strengths and weaknesses. In fact, simply accepting the challenge to work abroad inherently demonstrates qualities such as independence, self-confidence, adaptability, tolerance, and an enterprising spirit. While you are in the USA, I would like to encourage you to contact Cenet. Having spent more than 15 years living outside the United States, I am always eager to provide my own individual insight if you ever have any specific questions. We look forward to hearing from you!

Sincerely,

Robyn Walker,
Executive Director

Pre-Arrival Preparations

Travel Preparations

- Before you accept a job offer, you should research the area where your host company is located. This is where you will be living and working, so it is important that you understand the atmosphere and environment of the city.
- Share your arrival information with Cenet and your supervisor before you depart your home country.
- Before you leave home, plan your transportation from the airport to your host company and/or housing.
- Some host companies will meet you at the airport; others will not. Make sure you understand the arrangements with your host company before you leave home.

Financial Preparations

Make sure you have access to the appropriate amount of money.

- **Arrival Funds:** Minimum of \$1,000. Your first paycheck will not be available immediately. You will need money upon arrival to pay for such things as transportation from the airport, rent, housing deposit, food, and personal expenses.
- **Emergency Funds:** Minimum of \$1,500. You should have access to this additional money in case of a personal, national or international crisis during your program.

Housing

- Some host companies arrange housing; others do not. Consult your job offer for information specific to your program.
- In some cases, you may need to make temporary arrangements (e.g., hotel) and then look for longer-term accommodations after you arrive. If you decide this option is best for you, ensure that you reserve a hotel room before you depart your home country.
- Know what you will need to pay upon arrival – in the U.S., you usually pay your first month's rent + a deposit.
- Understand the check-in date/time requirements before booking your flight.

Housing

- You will be expected to care for your housing in a responsible manner. You must not damage the accommodations or furnishings.
- You will be financially responsible for the pre-determined period stated on your lease and/or housing agreement, regardless of the date you move out of your housing unit.
- If you move out early, your housing deposit may not be returned.

Transportation

- Transportation options vary among different cities in the U.S. Be sure to research available options in your community.
- Public transport may not be available. You may need to purchase a bicycle or walk between your housing and employment site.
- Transportation details specific to your program can be found on your job offer.

Beginning Your Program in the U.S.

Upon Arrival

You must notify Cenet within 72 hours of your arrival in the United States!

- This arrival notification allows Cenet to activate your health insurance and inform the Social Security Administration and the U.S. State Department of your entrance.
- 3 ways to submit your arrival notification:
 1. **Online activation:** login.cenet.org (preferred method)
 2. Email: summer@cenet.org
 3. Call free: 1.866.512.3638

cenet

Social Security Number

- After you have notified Cenet of your arrival in the U.S., please wait 5 days before applying for the Social Security Number.
- You will need to take the following documents with you to the Social Security office when applying:
 - DS-2019
 - I-94
 - Job offer
 - Passport (valid for 6 months beyond your program's end date)
 - Program sponsor letter from Cenet
- It may take several weeks for the card to be issued. You may work while the card and number are pending. If your host company has questions about this, please ask them to contact Cenet.

Health Insurance

The U.S. healthcare system is very different from most countries.

- Healthcare in the U.S. is expensive. Your insurance does not cover everything.
- Dental care, eye care, and pre-existing conditions are not covered. Before you leave home, consider visiting your doctor for these, as well as getting a flu shot.
- There is a \$50 deductible (fee you must pay) per illness or injury.
- An additional deductible of \$350 will apply per hospital emergency room visit for illness (this will be waived if you are admitted to the hospital).
- You will pay for prescriptions and then make a claim to receive reimbursement.

Health Insurance

- For minor illness/injury, go to a walk-in clinic, urgent care center or doctor's office. This is the least expensive method!
- Hospital emergency rooms are expensive - do not go there unless it is a TRUE EMERGENCY.

Traveling Outside of the U.S.

- During programs, Cenet does not approve travel outside the United States, except in special cases.
 - In this case, you need to request a travel validation from Cenet before you depart the United States
- If you would like to travel outside the United States (e.g., Canada, Mexico), plan your travel during your grace period and depart from that country to go home – do not plan to re-enter the United States during the grace period.

- There will be challenges.
- However, the challenges you will face represent an opportunity for lifetime learning and personal growth.

cenet

Employment Expectations

- U.S. employers value being on time, following rules, working hard, and having a positive attitude.
- You must comply with all company policies. This is a job, and you must behave professionally and respectfully – just as you would in a job in your home country.
- Failure to meet employment expectations can result in position and program termination.

General Safety Tips

- Keep your important documents in a safe place at all times.
- Carry your Cenet emergency ID card & your insurance card with you at all times.
- Save copies of your passport and your DS-2019 Form on your phone. Having these documents readily available in emergency situations can be very helpful.
- Do not keep large amounts of cash with you or in your room. A bank account is a better option for your earnings.
- Ensure you have access to at least \$1,500 in emergency funds.
- Be mindful that traffic and biking rules may differ from your country. Review Cenet's [health + safety resources](#) - these can help keep you safe!
